### **EXCELLENCE IN CIVIL CONSTRUCTION TO BE CELEBRATED AT CIVIL CONTRACTORS FEDERATION NATIONAL EARTH AWARDS**

Australia's peak national body for the civil construction sector, Civil Contractors Federation National (CCF) is pleased to invite you to register for the **2022 Civil Contractors Federation National Earth Awards**.

The CCF National Earth Awards Gala Dinner is being held at the Hotel Realm, Canberra on Friday 11 November 2022. To register visit <https://conlog.eventsair.com/ccf/ccf22>.

"The CCF National Earth Awards are the most prestigious awards in civil infrastructure recognising excellence in civil construction," said Mr Chris Melham, Chief Executive Officer of CCF National.

"Industry has been unable to come together in person to celebrate excellence in civil construction since 2019 due to COVID restrictions, so this promises to be an amazing night recognising civil construction companies who have excelled in their respective areas.

"The award finalists are comprised of winners of each of the CCF State and Territory award categories, and so the projects being recognised at the CCF National Earth Awards represent the 'best of the best' across Australia. The awards showcase a range of projects across various disciplines including roads, bridges, drainage, rail and utilities – all of which support the growth and prosperity of Australian communities.

"I congratulate all finalists and wish them luck in their respective categories and look forward to seeing industry come together on Friday 11 November 2022 in Canberra," Melham said.

The CCF National Earth Awards are presented in seven groups, according to project value:

- Project value up to \$2 million
- Project value \$2 million to \$5 million
- Project value \$5 million to \$10 million
- Project value \$10 million to \$30 million
- Project value \$30 million to \$75 million
